Dear Allen:

When I spoke to you over the phone I understood that the Yugoslav case was of no great interest to you so I spoke to the FBI (Mr. Swanson, who I know for years) and they are taking care of the case. Mr. Swanson asked me to tell you that any information they will have of interest for your agency will be communicated to you immediately.

I hope you received my letter which I sent you from Europe about the Legion d'Honneur.

I am ready to come to see you in Washington any time at your convenience this coming week because later we plan, with Arthur Bunker, to go to California for the oil business we are trying to build up. I shall be grateful indeed if you let me know what day and hour you will be free to see me next week.

Best regards.

Sincerely,

Leon Moore
